❖ *Private demo and hands on classes for smaller groups of 8-15*

Just like usual come to think of it-difference is it's on a weeknight (not Friday or Saturday). Here's an example of what a weeknight private demonstration or hands on event might look like. But as always, we're happy to take your input and create the perfect evening for your taste. This event runs 2, 1/2 hours and begins at 6:30pm.
